

Guide to cancelling daily reports

Don't want to receive **daily trading reports** on your account from RoboForex sent to your email? We'll show you where you can turn them off in your Member area. Unfortunately, the frequency of these reports cannot be adjusted.

1. Log in to your Members area and in the main menu go to **Accounts > My accounts**

2. Then click on the **checkbox** next to the trading account whose reports you want to turn off. Confirm the change with the "Save" button.

ATTENTION: Do not click "Yes", if you cancel "Yes", your trading account will be deactivated.
